III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:	
R 400.8131	Professional development requirements.
	(6) All child care staff members who work directly with children shall complete 16 clock hours of professional development annually on topics relevant to job responsibilities that include, but are not limited to, any of the following subjects: (a) Child development and learning. (b) Health, safety, and nutrition. (c) Family and community collaboration. (d) Program management. (e) Teaching and learning. (f) Observation, documentation, and assessment. (g) Interactions and guidance. (h) Child care center administrative rules.
I observed during the onsite inspection and review of the records that child care staff member did not have on file they had completed 16 hours of annual training for calendar year 2021.	
R 400.8131	Professional development requirements.
	(12) When the department of licensing and regulatory affairs or the department of education publishes a notice that a new health and safety update document or a new health and safety update training activity has been published on MiRegistry, the licensee shall ensure that all personnel read and acknowledge the document or complete the activity within 6 months of the notice.
During the onsite inspection and review of the record, I observed that Child care staff member did not complete the updated health and safety training for calendar year 2021.	
R 400.8345	Water supply; plumbing.
	(4) All plumbing fixtures and water and waste pipes must be properly installed and maintained in good working condition.

I observed during the onsite inspection that the water faucet was leaking from the base when in use.	
R 400.8380	Maintenance of premises.
	(7) Light fixtures, vent covers, wall-mounted fans, and similar equipment attached to walls and ceilings must be easily cleanable and maintained in good repair.
I observed during the onsite inspection that the light cover in the girl's restroom was broken.	

A corrective action plan was requested and approved on 05/25/2023. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care center.
