Dear Patricia Butz,

This letter is to advise you that the 6/11/2024 corrective action plan you submitted, regarding each rule violation cited in the recently completed Inspection, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8350(5)	During the inspection, I tested the water in three sinks with the result being 128 degrees Fahrenheit. This is eight degrees higher than the allowed maximum of 120 degrees Fahrenheit.	We have contacting a plumbing firm to install an antiscalding valve system. Until that device is installed, we are verifying daily that the water heater is set to a low temperature setting during the time our daycare is open.	6/19/2024

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
