## IV. Description of Findings and Conclusions

King Academy is owned and operated by Mt. Clemens Community School District. King Academy is currently used for early childhood education only.

The licensee has requested approval of the cafeteria for child care use. The cafeteria measures 38 feet by 43 feet for a total of 1634 square feet of usable child care space. The room capacity based on 35 square feet is 47 children at any one time. The cafeteria is a community use room that will not be counted towards the center's overall capacity.

The following rooms were previously approved for child care use:

Room 301 measures 30 feet by 28 feet for a total of 840 square feet of usable child care space. The room capacity based on 35 square feet per child is 24 children ages three to six years. The licensee has requested the room capacity be limited to 18 children at one time to remain consistent with GSRP guidelines.

Room 302 measures 30 feet by 28 feet for a total of 840 square feet of usable child care space. The room capacity based on 35 square feet per child is 24 children ages three to six years. The licensee has requested the room capacity be limited to 18 children at one time to remain consistent with GSRP guidelines.

Room 303 measures 30 feet by 28 feet for a total of 840 square feet of usable child care space. The room capacity based on 35 square feet per child is 24 children ages three to six years. The licensee has requested the room capacity be limited to 18 children at one time to remain consistent with GSRP guidelines.

Room 304 measures 30 feet by 28 feet for a total of 840 square feet of usable child care space. The room capacity based on 35 square feet per child is 24 children ages three to six years. The licensee has requested the room capacity be limited to 18 children at one time to remain consistent with GSRP guidelines.

The total requested capacity is 72 children ages three to six years.

The gymnasium measures 46 feet by 75 feet for a total of 3450 square feet of usable child care space. The room capacity is 99 children based on 35 square feet per child. The gymnasium is community use room and will not be counted towards the center's total capacity.

There is five toilets and seven sinks immediately available for children's use including a toilet and two sinks in each classroom. Additional sinks and toilets are located throughout the school. The toilets and sinks are sufficient for the requested capacity of 72.

Terms:

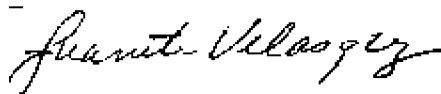

The center offers full day GSRP preschool programs. The hours of operation are Monday through Friday from 8:00a.m. to 2:54p.m.

The program follows the Mt. Clemens Community School District's calendar for vacations, holidays and school closings.

The center provides breakfast, lunch and an afternoon snack to all children in care.

## V. Recommendation

I approve the cafeteria for child care use.
