Dear Mrs. Ojo:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 02/01/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

The violations that were found are:

R 400.8545	Fire extinguishers.
	(3) Fire extinguishers shall be properly mounted, inspected, and maintained in accordance with NFPA-10. The fire extinguisher shall bear a tag indicating the last date of inspection or service and the initials of the person who performed the inspection or service.
On 02/01/2022, I observed during the onsite inspection that the fire extinguishers were not inspected in accordance with NFPA-10.	

On 2/1/2022, you gave us an acceptable written corrective action plan.

You can find a copy of this inspection letter and any associated corrective action plans on our website under Statewide Search for Licensed Child Care Centers and Homes. A description of when inspection letters are completed can be found under Overview of Licensing Reports.

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (517) 284-9730.

Per MCL 722.113g, this report and any related corrective action plans must be filed in your Licensing Notebook.

Sincerely,

A handwritten signature in black ink that reads "Stephanie Williams". The script is cursive and fluid.
