Dear Ms. Ayesh:

This letter is to advise you that the 08/08/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed confirming letter, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8125(1) Staff; volunteer; requirements	On 07/17/2023, Child A (five month old male) fell from a diapering changing table. A review of the video submitted by Ms. Ayesh showed Child Care Staff Member 1 searching for diapering supplies under the diapering table when Child A fell from the table. Child Care Staff Member 1 did not appropriately hold onto Child A or gather the diapering supplies so that they were within easy reach which contributed to Child A	Ms. Ayesh will ensure that all child care staff member provide appropriate care and supervision of all children at all times. Staff have been retrained on proper supervision of children during diapering including keeping a hand on the child at all times.	07/17/2023 and ongoing

	falling off of the table. Additionally, Child Care Staff Member 1 did not initially fully disclose what happened and explained that she had caught the child before he hit the floor. The video did not support that statement.		
R 400.8137(3) Diapering; toileting.	On 07/17/2023, Child A (five month old male) fell from a diapering changing table. A review of the video submitted by Ms. Ayesh showed Child Care Staff Member 1 searching for diapering supplies under the diapering table when Child A fell from the table. Child Care Staff Member 1 did not appropriately hold onto Child A or gather the diapering supplies so that they were within easy reach which contributed to Child A falling off of the table.	Ms. Ayesh will ensure that child care staff members are retrained on proper diapering procedures including having all supplies on hand before diapering.	07/17/2023 and ongoing
R 400.8137(1)(d) Diapering; toileting	During the 07/18/2023 interview with Ms. Ayesh, I asked her how the infant fell off of the table since the tables had four sides to prevent a child from falling off. Ms. Ayesh explained that new diapering tables had been ordered and the table in the room was a toddler diapering table that had an opening where the stairs went to allow a toddler to climb onto the table. Ms. Ayesh indicated that an infant changing table has been ordered for the infant	Ms. Ayesh ordered and installed a new diapering table with the full barrier.	07/25/2023

	room and the table has been turned with the opening facing the wall while they await the new table.		
R 400.8155(1)(b) Child accidents and incidents; child and staff illness.	On 07/19/2023, I conducted a telephone interview with Child A's Mother. Child A's Mother indicated that she was upset about Child A falling, but did not think the incident was intentionally. She indicated that was notified about the incident on 07/17/2023 at around 2:30p.m. I conducted a follow up telephone call with Ms. Ayesh who confirmed that the incident occurred at 1:27p.m. and Child A's Mother was not notified until 2:18p.m. I asked why Child A's Mother was not immediately notified of the incident. Ms. Ayesh explained that she was out of the center when the incident occurred and was awaiting direction from the corporate office before notifying Child A's Mother. She also reviewed the video footage before contacting Child A's Mother. I explained to Ms. Ayesh that due to the child's age and seriousness of the incident, Child A's Mother should have been immediately notified of the fall.	Ms. Ayesh will ensure that parents are immediately notified of a serious incident or injury.	07/17/2023 and ongoing

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
