Dear Ms. Brown:

This letter is to advise you that the 03/15/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Special Investigation Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8125(1) Staff; Volunteers; Requirements	Child care staff members did not provide appropriate supervision of Child A and Child B when they entered the one stall bathroom together in the gym. This allowed for Child A to show Child B his private areas. I also observed one child leave the fenced in play area and round the corner before a child care staff member intervened during my onsite inspection.	All staff and volunteers will provide appropriate care and supervision at all times. While in the gym, staff will keep bathroom door closed, children are required to ask permission from an adult prior to using the bathroom. All staff were retrained on appropriate and correct supervision of children in the gym, during transitions and while outside.	01/01/2023

		To ensure proper supervision while outside, an active supervision guide for all staff has been created.
