Name of Facility:	Just 4s Morley Stanwood
Facility Address:	156 Front St Stanwood, MI 49346
Facility Telephone #:	(231) 287-3000
Capacity:	20
Program Type:	CHILD CARE CENTER

II. Purpose of Addendum

The licensee designee, Brittney Firman, requested a modification to decrease the center's capacity, remove the Fourth Grade Room (Room #2) and change the age range for children in care.

III. Methodology

01/05/2023 Modification Request Received

IV. Description of Findings and Conclusions

The terms of the original license have been modified on 02/26/2023.

The center is located in the Stanwood Elementary building in Stanwood, MI. The school district no longer operates the building as an elementary school. There are now several community-based organizations operating various programs in the building.

The following rooms have been approved as child-use space and meet the 35 square feet per child requirement.

Approved Space

- Third Grade Room (Room #1): This room measures 27 ft. x 30 ft., providing a total of 810 square feet. This room supports a capacity of 23 children.

The following room is approved as additional child use space and was not used to determine the center's total capacity.

- The Gym measures 40 ft. x 60 ft. This room will only be used for intermittent group activities.

For each licensed space, Ms. Firman understands that ratio and group size are determined by the youngest child in the room.

The total space is sufficient for a capacity of 20 children ages 3 years 6 months – 6 years 0 months of age.

The handwashing sinks and toilets available to children are as follows:

- There is a set of restrooms located across the hall from the school office. The boys' restroom includes four toilets and four sinks. The girls' restroom contains four toilets and four sinks. There are a total of eight toilets and eight sinks available for child care use. This supports the total capacity of 20 children.

Room #1 is furnished with a variety of developmentally appropriate equipment.

On 11/02/2022 a Fire Inspection was completed with an "A" rating. On 02/01/2023 an Environmental Health Inspection was completed with an "A" rating. On 09/03/2014 a lead hazard risk inspection was completed indicating no lead hazards present in the approved child use spaces. No new inspections are needed as a result of this request.

Terms:

This center is approved for a maximum capacity of 20 children, ages 3 years 6 months-6 years 0 months of age.

The GSRP program operates Monday-Thursday from 8:00 A.M. -3:00 P.M. during the school year only.

During the school year, preschool-aged children are provided breakfast, lunch, and an afternoon snack daily.

As food is provided through a vendor contracted by Morley Stanwood Community Schools, food service is not considered a component of this program.

As transportation is provided by Morley Stanwood Community Schools, it is not considered a component of this program.

The center does not provide swimming.

V. Recommendation

I recommend the removal of Room #2 (labeled 4th Grade Room) as child use space, a decrease in capacity to 20 children, and a change in age range to 3 years 6 months to 6 years 0 months of age.
