Dear Ms. Mallory:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 01/05/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

When I arrived for the onsite inspection, there were several adults at the center for a “Special Person” event in one of the classrooms. After the event concluded, I observed four rooms. I observed infant feeding, large group activity with music and movement, diaper changing, hand washing, small group activities, reading and rest time. Child care staff members interacted well with the children and provided appropriate care and supervision.

As a result of the inspection, I did not find any rule or law violations.

During the exit conference, I provided technical assistance/consultation regarding Health and Safety Refresher trainings, as well as ensuring child information cards are complete.

During calendar year 2022:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0

You can find a copy of this inspection letter and any associated corrective action plans on our website under Statewide Search for Licensed Child Care Centers and Homes. A description of when inspection letters are completed can be found under Overview of Licensing Reports.
