Dear Mrs. Reid:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 11/18/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During the onsite inspection I observed the center to be well kept and fully equipped for the age group the center serves. I was able to observe tummy time, safe sleep and alternative quiet activities for non-sleepers. I observed toileting, handwashing, snack, and sanitization. I observed free play and literacy development activities. I observed staff to support each other through transitions, not leaving until everything was ready for the next staff member to take over. I observed parent pick up and a verbal report for that child. I observed dramatic play as well as children developing their fine motor skills with manipulatives.

As a result of the inspection, I did not find any rule or law violations.

Technical assistance was offered to the program director on the following rules:

R.400.8137 (4) Diapering; toileting.
R.400.8335 (11) Food services and nutrition; provided by the center.

During calendar year 2021:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
