RE: License #: DC560251054
Bullock Creek Before/After School

Dear Ms. Neeb:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 06/06/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During the onsite inspection I observed children transitioning from their school day into the after-care program. I observed children engaged in a variety of independent and group activities. Children were doing homework, art, and fine motor skill development. I observed handwashing and snack. I observed the procedure for parents signing children out. Records were readily available and organized. Child care staff members were actively engaged with the children and were able to provide supervision while addressing everyone's various needs.

The violations that were found are:

R 400.8131 Professional development requirements.

(12) When the department of licensing and regulatory affairs or the department of education publishes a notice that a new health and safety update document or a new health and safety update training activity has been published on MiRegistry, the licensee shall ensure that all personnel read and acknowledge the document or complete the activity within 6 month of the notice.

One child care staff member did not complete 2022 Refresher.

On 06/06/2023, you gave us an acceptable written corrective action plan.
