IV. Description of Findings and Conclusions

The terms of the original license were modified on March 2, 2023.

Teenie's Little Guys & Gals is comprised of three rooms in a single-story building located at 2920 Sterns Rd., Lambertville, Mi 48144.

- Infant room is 18.2 ft. x 13.4 ft., plus 18.2 ft., x 17.6., plus 8 ft. x 15., providing a total of 684 square feet. This allows for a total capacity of 12 infants and toddlers.
- Toddler room: is 19 ft. x 8 ft., plus 24.6 ft. x 8.7., providing a total of 366 square feet This allows a total capacity of 10 children aged 2.5 to 3 years.
- School age/Older room: is 22.2 ft. x 9 ft., plus 18.3 ft, x 32, providing a total of 786 square feet. This is sufficient space for the capacity of 23 aged 2.5 and above. The licensee designee understands that if there is a mixed aged group in this room, that the ratio is based on the ratio requirements of the youngest child.

Each room has a direct exit to outside. There are 3 toilets and 4 sinks available to the children. This supports the center's capacity of 45 children, ages birth through school age.

The total space is sufficient for a total center capacity of 45 children, infant through school-age.

The classrooms are furnished with a variety of developmentally appropriate equipment. There is an adequate amount of equipment to support the capacity increase.

An environmental health inspection and playground inspection were completed at time of the original license and not needed for this modification. A fire inspection was completed on 2/22/21 and an environmental health inspection was completed on 1/18/19.

Terms:

The center is approved for a total capacity of 45 children ages birth through school age.

The program will provide two snacks. Parents will be expected to supply their child with a lunch.

V. Recommendation

I recommend changing the toddler room capacity 14 to 12 and the changing the Preschool/After school room capacity from 21 to 23.
