Dear Ms. Andrews:

This letter is to advise you that the 03/01/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8143	Five out of ten toddler physical evaluations were not updated as required.	Parents will be notified for a physical every year and each year after that until school age. Parents will be notified at enrollment and given notices as time gets closer. 30 days from now I will have them updated.	3/31/23
R 400.8146	Parents of Infants and Toddlers were not receiving a written daily record of their child's food intake, sleeping pattern etc, as required.	We will provide parents with a daily record at the end of each day for all children up to 2 ½ years of age.	3/1/23

R 400.8335	The center provides does not provide commercially prepared and ready to feed formula. During my onsite inspection child care staff members said they mix and prepare formula bottles onsite.	Parents will send in premade bottles with labels and kept in the refrigerator in separate containers. Parents will be notified prior to enrollment.	3/6/23

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.
