Findings of the Inspection

Purpose of Addendum: On 10/04/2023, the licensee designee submitted a request to set the capacity of the before/after school care room based on square footage, and the removal of the gym, VAC, and previously used summer care classrooms.

Findings and Conclusions: On 10/04/2023, I completed an onsite inspection to approve the newly renovated before/after school room. I found this room to be in full compliance and took measurements to determine capacity.
