Findings of the Inspection

Purpose of Addendum: On April 2, 2024, the licensee designee submitted a request to add infant/toddler programming in a previously approved classroom and increase the age range served to add infants and toddlers, ages 6 weeks to 2 1/2 years.

Findings and Conclusions: On 8/1/2024, I completed an onsite inspection to approve the newly renovated classroom. This room is in full compliance, with appropriate infant and toddler equipment and furnishings. I took measurements to determine the new capacity. This program will operate from 6:30 A.M. - 6:00 P.M., year-round. Parents will provide premade bottles or breastmilk, as well as breakfast and lunch as needed. The center will provide two prepackaged snacks daily. Children will utilize age-appropriate equipment on the playground, as well as cement sidewalks in wagons and strollers.

If you have questions regarding the report, please contact licensing consultant, Amanda Wendell at (231) 492-5410 or wendella@michigan.gov. In the event that Amanda Wendell is not available and you

need to speak to someone immediately, please contact the Child Care Licensing Bureau at 517-284-9730.

Description of Facility
This child care center is located in a former school building that currently houses various community education programs as well as the district's administration offices.

Approved Child Use Space
The licensee/ licensee designee understands that the ratio of child care staff member to children and the maximum group size is determined by the youngest child in the room. Equipment in the room must be appropriate for the ages of the children in the room.

Building/Wing	Room	Notes (location, well-defined space, etc.)	Lead Hazard Found
	505		No
Age Range : Capacity		Square Footage	Space Used to Calculate Capacity
2 ½ years - 12 years :		1110.96 sq. ft.
