Dear Mrs. Holter:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 03/29/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During my onsite inspection I was able to observe Ms. Burns and Ms. Crowley engaging in positive interactions with the children in care and following licensing requirements for supervision. Most of the children had transitioned to nap time from lunch with the exception of a few that the child care staff members were helping finish up. The cots were set up according to the departments requirements.

In the second classroom Ms. Hill and Ms. Falconer were assisting children from lunch time to rest time by making sure they use the rest room and wash their hands. Some of the children were having a hard time calming down so they sat with them to rub their backs to offer comfort.

As a result of the inspection, I did not find any rule or law violations.

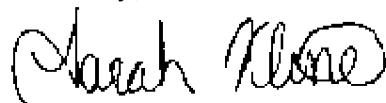

During calendar year 2022:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
