Dear Ms. Young:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 02/04/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During my onsite inspection I was able to observe all the classrooms, no safety concerns were noted in any of the classes. The infants that were awake were having positive interactions from their caregivers and those that were sleeping were doing so in age appropriate manners. The toddlers were participating in free play, while one caregiver worked one on one with each toddler to complete a craft. The day that I visited had inclement weather of a negative windchill so they did gross motor in the music room in lieu of outdoor time. They danced to music and played with scarfs. In the Voyagers classroom they children participated in hot potato and then an egg breaking game. All caregivers were engaged and presented no supervision concerns.

As a result of the inspection, I did not find any rule or law violations.

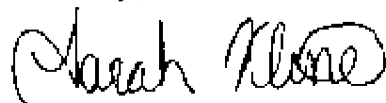

During calendar year 2021:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
