Dear Ms. Young:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 07/12/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During my onsite inspection I was able to observe the child care children transitioning from rest time to small centers. While laying down for rest time there was an audio book playing and child care staff members were supervising them appropriately. Once rest time concluded the child care staff members transitioned the children to small centers that included Legos, kitchen area, books, and coloring. The child care staff members were engaged in positive interactions with the children.

During my inspection program director Bethany Kulesza and I spoke about how she spends her time between this child care center and the adjacent campus. Discussed that during summer time there is a chance that another program director will need to be appointed because of R 400. 8113(2)(b).

As a result of the inspection, I did not find any rule or law violations.

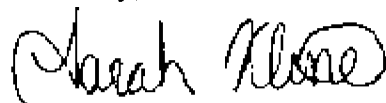

<b>During calendar year 2021:</b>	<b>Total</b>
Number of serious injuries that occurred in facility.	<b>0</b>
Number of deaths that occurred in the facility.	<b>0</b>
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	<b>0</b>
