III. Methodology

01/11/2022: Modification Request

IV. Description of Findings and Conclusions

The terms of the original license have been modified on 1/12/2022.

During the original center opening, Mrs. Bouge-Courter did not have a lead teacher for the Big Dipper Room. She has now been able to hire an approvable lead teacher so this space is now included in the capacity of the center.

The following spaces are approved and included in capacity of the center:

In the upstairs of the child care center is the Little Dippers Room. Infants and toddlers will be cared for in this space. This space is made up of a playroom, changing/nap room, and kitchen/eating space. The spaces measure 15.79 ft. x 15.79 ft., 11.17 ft. x 13.83 ft., and 12.92 ft. x 11.17 ft., for a total of 548.12 square feet of child use space. This will accommodate the requested capacity of **8** children ages birth through 30 months of age.

In the downstairs of the child care center is the Big Dippers Room. Preschool children be cared for in this space. This room measures 10.58 ft. x 15.83 ft. and 32.33 ft. x 10.67 ft., for a total of 512.44 square feet of child use space. This will accommodate the requested capacity of **12** children ages 30 months and above.

The total capacity of the child care center is 20.

V. Recommendation

I recommend the increase in capacity to 20.
