## IV. Description of Findings and Conclusions

The terms of the original license have been modified on 2/7/22, 3/15/2022, and 12/28/2022

Room 136 will be for child care children 18 months to 3 years of age, it measures 30.25 ft. x 31.34 ft. for a total of 948.04 square feet of child use space. This will accommodate 19 infant and toddlers; with the required 50 square feet per infant/toddler requirement. Ms. Grissom requested the capacity be capped at **12 infants/toddlers** to meet group size requirements.

The following space was previously licensed:

Room 107 will be for infants, it measures 30.16 ft. x 32.5 ft. for a total of 980.2 square feet of child use space. This will accommodate 19 infant and toddlers; with the required 50 square feet per infant/toddler requirement. Ms. Grissom requested the capacity be capped at **12 infants** to meet group size requirements.

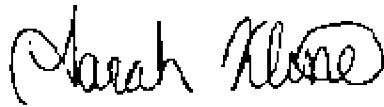

Room 132 will be for child care children ages 3-5 years of age, it measures 32.25 ft. x 44.58 ft. for a total of 1,437.7 square feet of child use space. This would accommodate up to 41 children, but Ms. Grissom has requested it be capped at **30 preschool children**.

The gym is also approved child use space but will not be used in capacity. The gym measures 37.58 ft. x 60 ft.

There is a total of 6 toilets and 9 sinks in the child care facility.

**V. Recommendation**

I recommend the addition of Room 136 and increase in capacity to 54 for the child care center.
