Dear Ms. Grissom:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 03/17/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During my onsite inspection I was able to observe all three classrooms, all were within ratio and capacity. All caregivers were engaged with child care children in a positive manner, playing with them and caring for them. In the preschool room they were engaged in free choice play in all sorts of areas such as dramatic play, crafts and building. In the toddler room the children were sitting down to do a large group read aloud and in the infant room the walking children were dancing to a group led song, while the crawlers were playing with engaging toys.

The child care is well cared for and there are no hazards noted. Ms. Grissom and I spoke about the redetermination of fingerprints and health and safety refreshers. Ms. Grissom's child care staff members will stay up to date on professional development and she will be on the look out for emails from the CCBC department.

As a result of the inspection, I did not find any rule or law violations.

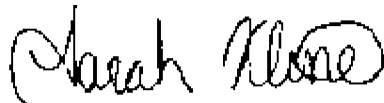

<b>During calendar year 2022:</b>	<b>Total</b>
