Dear Mrs. Petrosky:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 12/16/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During the on-site inspection, I observed children in care engaged in a variety of developmentally appropriate activities, including outdoor play. I also observed toileting and handwashing, large group reading and small groups coloring and counting. The child care staff members' interaction with the children was positive and nurturing.

The violations that were found are:

R 400.8143

Children's records.

(3) For children under school-age, at the time of a child's initial attendance, a center shall obtain, keep on file, and make accessible in the center 1 of the following:

(a) A certificate of immunization showing a minimum of 1 dose of each immunizing agent specified by the department of health and human services (DHHS).

(b) A copy of a waiver addressed to DHHS and signed by the parent stating immunizations are not being administered due to religious, medical, or other reasons.

One of the ten children's records reviewed did not contain one of the following:

(a) certificate of immunization showing a minimum of 1 dose of each immunizing agent specified by the department of health and human services (DHHS).

(b) A copy of a waiver addressed to DHHS and signed by the parent stating immunizations are not being administered due to religious, medical, or other reasons.

R 400.8152 Medication; administrative procedures.

(2) A child care staff member shall give or apply medication, prescription or nonprescription, only with prior written permission from a parent.

There was no written permission from a parent for one child's Auvi-Q.

Technical Assistance and Consultation were provided for the following:

- Child information cards must be completely filled out.
- Post updated recall list.
- When weather permits, touch up painting is needed on the blue climbing outdoor equipment.

On 12/16/2022, you gave us an acceptable written corrective action plan.
