## **II. Purpose of Addendum**

Room 103 was previously approved for preschool use and will now be used for toddlers.

## **III. Methodology**

5/15/2023 Document received – modification request

5/30/2023 Onsite inspection completed

## **IV. Description of Findings and Conclusions**

Room 103 measures 33 feet x 25 feet and 7 feet x 7 feet for a total of 874 square feet. This is more than enough room to accommodate the requested capacity of 12 children (ages 16 months and older) based on 50 square feet per child. This change will not effect the center's total capacity of 96.

## **V. Recommendation**

I recommend room 103 be approved for toddlers.
