Dear Ms. Hollis:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 06/06/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During the on-site inspection, I reviewed children's records and child care staff members' records. I observed children in care engaged in a variety of developmentally appropriate activities, including outdoor play. The child care staff members' interactions with the children were positive and nurturing.

The violations that were found are:

**R 400.8131 Professional development requirements.**

(12) When the department of licensing and regulatory affairs or the department of education publishes a notice that a new health and safety update document or a new health and safety update training activity has been published on MiRegistry, the licensee shall ensure that all personnel read and acknowledge the document or complete the activity within 6 months of the notice.

Child care staff member A.B. did not complete the 2022 MiRegistry Health and Safety Refresher training within 6 months of the licensee being informed that the training had been published on MiRegistry.

**REPEAT VIOLATION ESTABLISHED**
