Dear Ms. Cavicchiolo:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 01/19/2022 and 01/25/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During the on-site inspection, I reviewed children's records and child care staff members' records. I observed children in care engaged in a variety of developmentally appropriate activities, including dramatic play, playing with blocks and Legos, playing board games and art activities. I also observed handwashing, toileting, and snack. The child care staff members' interactions with the children were positive and nurturing.

The violations that were found are:
