Findings of the Inspection

A copy of this Interim Inspection report and any associated corrective action plans is available on the Child Care Licensing Bureau [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when interim inspection reports are completed can be found under [Overview of Licensing Reports](#).

The purpose of the Interim Inspection was to determine compliance with applicable licensing statutes and administrative rules for child care Center.

During the on-site inspection, I reviewed children’s records and child care staff members’ records. I observed children in care engaged in a variety of developmentally appropriate activities, including playing with Playdoh, outdoor play, dramatic play, coloring, and making an art project. I also observed toileting, hand washing, meal service, and nap time. The child care staff members’ interaction with the children was positive and nurturing. They were attentive to the children’s needs.

During the Interim Inspection, licensing consultant, Alicia Wiggins, found 2 violations. The violations are listed and explained below. An acceptable written corrective action plan was received on 03/07/2024.

Due to the health and safety professional development training violations, all of the facility's child care staff members must complete the required training by 03/21/2024. This must be included in the facility's corrective action plan.

If you have any questions regarding the report, please contact licensing consultant, Alicia Wiggins, at (248) 369-7892 or wigginsa@michigan.gov.
