Dear Mrs. Rathsburg:

This letter is to advise you that the 11/16/2022 corrective action plan you submitted, regarding the rule violation regarding the incident report submitted is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8170(10) Outdoor play area.	The center did not ensure that the outdoor play area was in a safe condition with no hazards present. There was a bottle and a piece of glass found in the play area causing injury to a child.	A log was created to ensure that the outdoor play area was checked daily by the assigned teacher to make sure that there are no hazards present. Maintenance will be proactive in blowing off the leaves through the fall season.	11/12/22 and ongoing.

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available, and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.
