III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.8134

Hand washing.

(3) Staff and volunteers shall ensure that children wash their hands at all of the following times:

(d) When soiled.

The children in the school age classroom did not wash hands when soiled. Children were playing with the toys like play dough and eating at the same time.

R 400.8340

Food services and nutrition; provided by parents.

(3) Breast milk, formula, milk, other beverages, and food furnished in a same-day supply must be covered and labeled with the child's first and last name and the date.

Most bottles with milk in the Pink Piggies classroom and one set of bottles in the infant room did not have last names on the label.

Technical assistance was provided regarding the following:

1. Cabinets with hazardous materials in them need to be locked in the classrooms.
2. Fix the baseboard in the bathroom of Dancing Dinosaurs and paint the rusted vent cover.
3. The food items not in their original container need to be labeled in the kitchen.
4. The child information cards, and the physical recommendations need to be filled out completely in the documents.
5. Agreement about providing formula/food by the parents.

IV. RECOMMENDATION

Upon receipt of an acceptable corrective action plan, I recommend issuance of regular license to this child care center.
