Dear Ms. Irish:

This letter is to advise you that the 02/21/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R400.8131(2) Professional development requirements.	Staff MM was working in the Wee Care room caring for toddlers and had not been trained in safe sleep.	Staff completed the safe sleep training and future staff will complete the training before working with infants and toddlers.	02/17/2023
R400.9134(2)(c) Hand washing	During the on-site inspection I observed a staff did not wash her hands before feeding an infant a bottle.	Staff were reminded of hand washing rules and this will be enforced through informal evaluations.	02/20/2023
R400.8134(2)(e) Hand washing.	During the on-site inspection I observed a staff change a toddler's diaper. After the diaper change the staff removed the plastic gloves she was wearing, but she did not	Staff were reminded of hand washing rules and this will be enforced through informal evaluations.	02/20/2023

	wash her hands with soap and water, she only used hand sanitizer.		
R400.8134(3)(b) Hand washing.	During the on-site inspection I observed a staff change toddlers diapers however the staff did not have the toddlers wash their hands after the diapering.	Staff were reminded of hand washing rules and this will be enforced through informal evaluations.	02/20/2023
R400.8350(5) Toilets; hand washing sinks.	The temperature of the hand washing sink in the Wee Care room was 134 degrees Fahrenheit and the sink in room 204 was 122 degrees Fahrenheit.	The temperature of the portable sink in room 204 was turned down to 120 degrees. A regulator has been ordered for the Wee Care sink and will be installed as soon as it arrives and the temperature will be checked to make sure it is not above 120 degrees.	02/28/2023

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.
