Dear Ms. Walker:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 04/24/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

The violations that were found are:

R 400.8182 Ratio and group size requirements.

(3) In each room or well-defined space, the maximum group size and ratio of child care staff members to children, including children related to a staff member or the licensee, must be as shown in Table 4.

a) Infants and toddlers, age birth until 30 months must be in a child to child care staff member ratio of 1 to 4 with a maximum group size of 12. 12

The toddler classroom did not meet the required child to care staff member ratio, of 1 to 4. On 04/24/2023, upon my arrival, I observed 5 toddlers with 1 child care staff member. A second staff member arrived within 15 minutes.

On 04/24/2023, you gave us an acceptable written corrective action plan.

During calendar year 2022:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0

You can find a copy of this inspection letter and any associated corrective action plans on our website under Statewide Search for Licensed Child Care Centers and Homes. A description of when inspection letters are completed can be found under Overview of Licensing Reports.
