Dear Ms. Lee:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 03/30/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

The violations that were found are:

R 400.8131 Professional development requirements.

(5) Within 90 days of being hired, or the first day as an unsupervised volunteer, all child care staff members and unsupervised volunteers who work directly with children shall complete the following trainings, which may count toward annual professional development hours and are available at MiRegistry:

- (a) Administration of medication.
- (b) Prevention of and response to emergencies due to food and allergic reactions.
- (c) Building and physical premises safety.
- (d) Emergency preparedness and response planning.
- (e) Handling and storage of hazardous materials and appropriate disposal of bio-contaminants.
- (f) Precautions in transporting children, if applicable.
- (g) Child development.

One of the staff members did not complete the health and safety training within 3 months of hire.

On 3/30/22, you gave us an acceptable written corrective action plan.

Technical assistance was provided regarding the following:

- Food service gloves while serving food.
- Updating and maintaining the Child Care Background Check System.
- Completion of child information card.
- Posting of crisis management plan.
