This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Staff records include background checks and training information. Children's records include child information cards, physical examination dates, and immunizations. The child care staff members were engaging the children in letter sound activities and number recognition.

The temperature was 55 degrees Fahrenheit in the infant and toddler classrooms.

R 400.8380 Maintenance of premises.

(4) Floors, interior walls, and ceilings must be kept in sound condition, good repair, and maintained in a clean condition.

There is a hole in the kitchen ceiling covered by cardboard and blue tape.

IV. RECOMMENDATION
