Dear Ms. Malczewski:

This letter is to advise you that the 02/15/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R400.8340(9) Food services and nutrition; provided by parents.	On 12/20/2022, Ms. Loomis fed Child A, a bottle of formula that was labeled for Child B.	We have implemented an assigned colored basket for each child's bottles and pacifiers near the bottle warmers. Staff are placing bands around the bottles that match the baskets to identify the child's bottle. Staff call out whose bottle they are placing in the warmer and then when taking the bottle out they are saying who they are going to feed; confirming the name matches the label on the bottle.	Immediately

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.

Sincerely,
