RE: License #: DC640017269  
**New Era Christian School**  
**1901 Oak Ave**  
**New Era, MI 49446**

Dear Ms. Skoglund:

Attached is the Addendum to the Original Licensing Study Report for the above referenced facility.

Please review the enclosed documentation for accuracy and contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (517) 284-9730.

Per MCL 722.113g, this report must be filed in your licensing notebook.

Sincerely,

*Amanda Wendell*

<b>Facility Telephone #:</b>	(231) 861-5450
<b>Capacity:</b>	23
<b>Program Type:</b>	CHILD CARE CENTER

## II. Purpose of Addendum

On 12/08/2021, the license designee/program director submitted a request to increase the center's capacity to the maximum number of children allowed in the space.

## III. Methodology

12/08/2021 Modification request received

12/08/2021 Inspection completed- onsite

## IV. Description of Findings and Conclusions

The terms of the original license have been modified on 12/10/2021.

This preschool program is located in New Era Christian School.

The child care room is the last classroom in the hall on the right. The classroom measures 23 ft. x 37 ft. for a total of 851 square feet. A 7 ft. x 7 ft. desk area was deducted from the available use space, leaving a total of 802 square feet available for child use. Based on the required 35 square feet per preschool-aged child requirement, the maximum capacity of this room is 23 preschool-aged children.

The child care room has one hand-washing sink available to children. In addition, there are boys' and girls' bathrooms across the hall with a total of four sinks, five toilets, and two urinals. This more than supports the requested capacity of 23 children.

The classroom is furnished with a variety of developmentally appropriate equipment. There is an adequate amount of equipment to support the center's capacity.

An environmental health inspection was completed on 12/15/2020. A fire safety provision was signed at the time of last renewal and is not required for this modification. This part of the building was built in 2008; therefore, a lead hazard risk assessment is not required.

### **Terms:**

The center is approved for a total capacity of 23 children aged 2 years 6 months through 5 years.

The center provides preschool only. The center does not provide transportation or food service.

The center provides full-day preschool for 4-year-olds on Monday, Wednesday, and Friday. The center provides preschool for 3-year-olds on Monday and Wednesday mornings.

**V. Recommendation**

I recommend the increase in capacity to 23 preschool-aged children.

*Amanda Wendell*
