**III. DESCRIPTION OF FINDINGS & CONCLUSIONS**

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

I observed free-choice play, small group centers, and lunch.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

**R 400.8110            Applicant; licensee; licensee designee; requirements.**

**(6) The licensee or licensee designee shall maintain accurate records detailing daily arrival and departure times for each child care staff member, child care aide, and volunteer.**

Ms. White has not been keeping a record detailing daily arrival and departure times for all child care staff members, and volunteers.

**R 400.8131            Professional development requirements.**

**(6) All child care staff members who work directly with children shall complete 16 clock hours of professional development annually on topics relevant to job responsibilities that include, but are not limited to, any of the following subjects:**

- (a) Child development and learning.**
- (b) Health, safety, and nutrition.**
- (c) Family and community collaboration.**
- (d) Program management.**
- (e) Teaching and learning.**
- (f) Observation, documentation, and assessment.**
- (g) Interactions and guidance.**
- (h) Child care center administrative rules.**

Child care staff member Ms. Laura Jo Elswerth completed nine of the required sixteen hours of training for 2021.

**R 400.8143            Children's records.**

**(6) Within 30 days of a child's initial attendance, a center shall obtain, keep on file, and make accessible in the center a record of a physical evaluation of the child that notes any restrictions and is signed by a physician or the physician's designee. An electronic record from a physician's office will be accepted. The physical evaluation must be performed within 1 of the following time limits:**

- (a) For an infant, within the preceding 3 months.**
- (b) For toddlers, within the preceding 6 months.**
- (c) For preschoolers, within the preceding 12 months.**

I reviewed ten children's records. One child did not have a physical on file.

**IV. RECOMMENDATION**
