Dear Ms. VanSomeren:

This letter is to advise you that the 02/09/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8161(7) Emergency procedures.	Not all fire and tornado drills were logged for 2021.	The drills are logged electronically. The licensee designee will ensure that the drills are logged and maintained at the center.	02/10/2022
R 400.8380(1) Maintenance of premises.	I observed food/juice spillage and stains on the bottom drawers and bottom of the refrigerator used to store food for breakfast and snack.	The licensee designee will ensure the refrigerator is cleaned regularly.	02/10/2022

(7) A written log indicating the date and time of fire and tornado drills must be kept on file at the center. (1) The premises must be maintained in a clean and safe condition and must not pose a threat to health or safety.

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (616) 356-0183.

Sincerely,
