Dear Ashley Lawrence,

This letter is to advise you that the 11/13/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Inspection, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8525(6)	A trash can was observed sitting in front of the egress exit in the classroom located in the basement.	Heather Benson moved the trash can. The trash can was moved over to the wall next to the door. The staff will never put the trash can in front of the door.	11/13/2023
R 400.8125(1)	In the upstairs classroom, the following was observed: *Children running throughout the classroom; children throwing and dumping toys in the different play areas; child care staff members attending to preparing the food for lunch instead of attending to the children's behavioral needs; a loud noise level in the room that prevented child care staff	Heather Benson, Ashley Lawrence and Rebekah Seelow created a professional development plan for Ann Bulger's classroom.	11/30/2023

	members from being able to effectively hear one another; child care staff members in one area of the classroom which created unsupervised care for the other areas of the classroom; children going in and out of the bathroom, hiding in the classroom and playing in an area of the room that was not being supervised by a child care staff member; children not supervised during hand washing time prior to eating lunch; and child care staff members having their backs to the children limiting their ability to see and provide supervision for the entire classroom.		
R 400.8155(2)	In the upstairs classroom, a sick child was observed waiting for approximately 45 minutes to be picked up by a parent/guardian. During this time, he was placed in an area of the room that was not within the direct sight lines of the child care staff members. One staff member checked on him approximately three different times during the 45 minutes; however, the majority of the time, he was left alone sitting by himself.	Heather Benson will move the classroom around, so no blind spot where children are at. Heather will train the staff in the classroom about where to safely place a child who is sick, while they are waiting to get picked up. A staff member will be assigned to sick child till the child is picked up.	11/17/2023
R 400.8143(1)	Seven child information cards had missing or incomplete information	Heather Benson will review cards. Ann Bulger will have parents fix the cards.	11/21/2023

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
