Dear Ms. Lawrence:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 08/11/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

As a result of the inspection, I did not find any rule or law violations. During the interim inspection, I observed three child care staff members (CCSMs) providing care and supervision to a group of 10 children. When I arrived, children were engaged in nap/quiet time but soon began to transition to free choice activities. All CCSM to child interactions were noted to be positive, supportive and focused on the needs of the children in care. When redirection was needed, it was provided in a kind manner. Also during the interim inspection, I provided program director Ms. Benson technical assistance regarding art hanging from the ceiling including acceptable methods for hanging items near a ceiling. Technical assistance was also provided regarding sanitizing wipes being within child reach in a child use bathroom.

During calendar year 2021:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
