Dear Ms. Fournier:

This letter is to advise you that the 10/12/2020 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8340(3) Food services and nutrition; provided by parents.	During the on-site inspection I observed one bottle of milk in the infant room without a last name as required. I observed one milk container and two cups of milk in the toddler (1-year-old) room without a last name as required. I also observed 10 cups of milk in the toddler (2 – 3 year-old) room without a last name as required.	The caregivers will ensure that breast milk, formula, milk, other beverages, and food furnished in a same-day supply will be labeled with the child's first and last name and the date, as required.	10/12/2020

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (989) 732-8062.
