A. Description of Facility

This child care center is located in the Township of Saginaw.

Room 1 (Toddlers) was previously approved. It measures 439 square feet which is more than adequate space for the requested capacity of 8 children, ages one to 30 months of age.

Room 2 (Infants) was previously approved. It measures 452 square feet which is more than adequate space for the requested capacity of 9 children, ages birth to 1 ½ years of age. The licensee designee is aware that the room is required to have a 1:4 ratio maintained at all times.

Room 3 (Pre-school) was previously approved. It measures 747 square feet which is more than adequate space for the requested capacity of 16 children, ages 30 months through five years of age. The licensee designee understands that the ratio is based on the ratio requirements of the youngest child present.

Room 4 (Pre-school) was previously approved. It measures 778 square feet which is more than adequate space for the requested capacity of 22 children, ages three through school-age. The licensee designee understands that the ratio is based on the ratio requirements of the youngest child present.

Room 5 (Pre-school – School-age) was previously approved. It measures 708 square feet which is more than adequate space for the requested capacity of 20 children, three through school-age. The licensee designee understands that the ratio is based on the ratio requirements of the youngest child present.

Equipment:

All classrooms are equipped with age-appropriate play equipment and materials, sleeping equipment and furniture. The amount of play equipment and materials, furniture and sleeping equipment in each room is adequate for the requested capacity.

Number of sinks and toilets:

Room 1 has 1 toilet and 1 handwashing sink
Room 2 has 1 toilet and 2 handwashing sinks
Room 3 has 1 toilet and 1 handwashing sink
Room 4 has 1 toilet and 1 handwashing sink
Room 5 has 1 toilet and 1 handwashing sink
Entry way hallway has 1 toilet and 1 handwashing sink

There are a total of 6 toilets and 7 handwashing sinks which is adequate for the requested capacity of 75 children.

Outdoor play area - location, fenced or not, water hazards:

There is one play area located on-site which will be used for child care. The outdoor play area is a large fenced in area on the side of the building that is completely fenced in and there are no water hazards. The licensee understands that the outdoor play area must be inspected each morning prior to child use and constantly monitored for trash and debris.

Inspections:

A playground inspection was completed on 05/01/2008 and 07/23/2009 and the playground inspection report was dated 07/27/2009.

A lead hazard risk assessment was not required as the building was built in 1999.

A fire safety inspection was completed by Qualified Fire Inspector, Linda Schluchter, on 08/03/2019. An "A" rating was granted. A new inspection is not required.

An environmental health inspection was completed by Jamice Landrum, a sanitarian from the Saginaw County Health Department on 08/12/2021. An "A" rating was granted. A new inspection is not required.

B. Program Description

This child care center will accept children ages birth through 12 years. It is a full day program which will operate Monday through Friday from 6:30 a.m. to 6:15 p.m. year-round. Children can be enrolled part-time or full-time.

Food service is provided. No transportation or swimming component is provided.

Zachary Phillips has been approved as the Program Director under R 400.8113 (9) (b) and (13) on 06/19/2019.

V. Recommendation

I recommend that the request to increase the center capacity from 72 to 75 be approved.

I recommend that the request to increase the capacity of Room 2 (Infant) from 8 to 9 infants be approved. The licensee designee is aware that the room is required to have a 1:4 ratio maintained at all times. I recommend that the request to increase the capacity of Room 4 (Pre-school) from 20 to 22 children; ages three through five years be approved. The licensee designee understands that the ratio is based on the ratio requirements of the youngest child present.

I recommend that the age ranges for Room 4 (Pre-school) and Room 5 (Pre-school) be changed to ages three through school-age.
