Dear Ms. Marguery-Costoya:

This letter is to advise you that the 08/31/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Special Investigation Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8146 Information provided to parents.	The staff does not accurately document in the daily child information record and admittedly forget to document information as required.	Child care staff were trained again regarding daily child information. This will be revisited on a regular basis. More iPads were purchased for staff to document in the application. This will be monitored daily by director.	8/31/22

R 400.8185 Primary care.	The center did not implement a primary care system so that each infant and toddler has a primary caregiver.	The staff were talked to about primary care assignments and a primary care system was established. The staff are now providing primary care. This will be monitored by director.	8/02/22

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
