Dear Ms. Sootsman:

This letter is to advise you that the 09/29/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Special Investigation Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R400.8125(1)	Child care staff did not provide appropriate care and supervision when Child A was left outside in the outdoor play area unsupervised for five to ten minutes. The child care staff did not realize Child A was missing until another child care staff brought him to the room	All Staff will count children as they line up as well as count children as they walk through classroom door. When classrooms are outside at the end of the day, they will have their clipboards so they can properly sign children out as they leave. Ms. Sootsman will periodically check to ensure staff are following protocol.	immediately

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (989) 732-8062.
