Dear Ms. Rosales:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 04/19/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During the on-site inspection I observed caregivers providing direct supervision of children napping during rest time upon my arrival. Children who were not resting were observed playing with puzzles and reading books quietly while the others rested. I observed children transitioning from rest time while preparing for snack time. I observed proper handwashing techniques being used after children used the bathroom and before snack time. I observed children engaged in snack time. I observed children engaged in large circle time which included literacy activities. Caregiver interactions with children was observed to be positive and nurturing. Required records were organized and readily available for review.

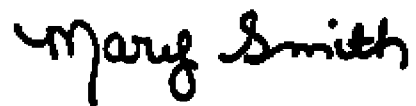

As a result of the inspection, I did not find any rule or law violations.

You can find a copy of this inspection letter and any associated corrective action plans on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when inspection letters are completed can be found under [Overview of Licensing Reports](#).
