Staff records include background checks and training information. Children's records include child information cards, physical examination dates, and immunizations.

During the on-site inspection, I observed children initiated in free play, social development including children practicing imaginative play and social interaction skills. I observed fine motor activities including drawing and coloring. I observed children singing and dancing while engaged in literacy activities. I observed

caregivers providing direct supervision of children napping during rest time. I observed hand washing and snack time. I observed infants during tummy time. I observed diapering and proper handwashing techniques being utilized. I observed caregivers, parents, and children during pick up time. Caregiver interactions with children were positive and nurturing. Staff and child records were organized and readily available.
