Dear Ms. Rodarte:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 02/02/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During the on-site inspection, I observed children initiated in outdoor play activities which included several science experiments they had been conducting. I observed caregivers providing nurturing and guidance to a child who was experiencing a temper tantrum and refusing to go inside after outdoor play activities. I observed the children transitioning at the end of the day and getting prepared to go home. I observed caregivers, parents, and children during pick up time. Caregiver interactions with children were positive and nurturing. Required records were organized and readily available.

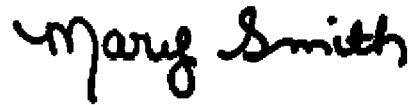

As a result of the inspection, I did not find any rule or law violations.

You can find a copy of this inspection letter and any associated corrective action plans on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when inspection letters are completed can be found under [Overview of Licensing Reports](#).

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at 517-284-9730.

Per MCL 722.113g, this report and any related corrective action plans must be filed in your Licensing Notebook.

Sincerely,
