**III. DESCRIPTION OF FINDINGS & CONCLUSIONS**

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

**R 400.8125**

**Staff; volunteer; requirements.**

**(5) A written statement must be signed and dated by staff and volunteers at the time of hiring or before volunteering indicating all of the following information:**

**(a) The individual is aware that abuse and neglect of children is against the law.**

**(b) The individual has been informed of the center's policies on child abuse and neglect.**

**(c) The individual knows that all staff and volunteers are required by law to immediately report suspected abuse and neglect to children's protective services.**

I reviewed 6 staff files; 2 staff members did not have a signed abuse/neglect document on file.

**R 400.8131**

**Professional development requirements.**

**(12) When the department of licensing and regulatory affairs or the department of education publishes a notice that a new health and safety update document or a new health and safety update training activity has been published on MiRegistry, the licensee shall ensure that all personnel read and acknowledge the document or complete the activity within 6 month of the notice.**

I reviewed MiRegistry and multiple staff members did not have health and safety refreshers completed for 2021.

**R 400.8131**

**Professional development requirements.**

**(5) Within 90 days of being hired, or the first day as an unsupervised volunteer, all child care staff members and unsupervised volunteers who work directly with children shall complete the following trainings, which may count toward annual professional development hours and are available at MiRegistry:**

**(a) Administration of medication.**

**(b) Prevention of and response to emergencies due to food and allergic reactions.**

**(c) Building and physical premises safety.**

**(d) Emergency preparedness and response planning.**

**(e) Handling and storage of hazardous materials and appropriate disposal of bio-contaminants.**

**(f) Precautions in transporting children, if applicable.**

(g) Child development.

I reviewed MiRegistry for all staff; 3 staff members did not have the required Health and Safety training completed within 90 days of hire.

**R 400.8143**

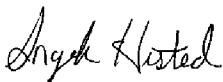

**Children's records.**

(11) A center shall maintain an accurate record of daily attendance at the center that includes each child's first and last name and each child's arrival and departure time. Electronic records may be used. If electronic attendance records are used, then they must be available to the department at the time of an inspection. If the electronic attendance records are not available during an on-site inspection, then the center is in violation of this rule.

Th Orange classroom did not complete accurate attendance daily of the children.

**IV. RECOMMENDATION**

Upon receipt of an acceptable Corrective Action Plan, I recommend issuance of a regular childcare center license.
