Dear Mrs. Buggia:

This letter is to advise you that the 03/14/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Interim Inspection Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8161(2)(f)(h) Emergency procedures.	The center did not have a written plan addressing how a child with special needs or a child with a chronic medical condition would be accommodated during each type of emergency.	The emergency plans were revised and were hung on the walls of the rooms.	03/13/2023
R 400.8161(5) Emergency procedures.	Only half of the children in the center completed a fire drill in the 4th quarter of 2022.	The lead caregivers will make sure quarterly fire drills are completed on time and recorded on the log.	Quarterly

nutrition; provided by center.	the preschool/school-age room.		
R 400.8340(3) Food services and nutrition; provided by parents.	I observed children's beverage cups of milk in the preschool/school-age room that were not covered or labeled with the child's first and last name and the date. In this room I also observed children's lunch bags not labeled with the child's first and last name and the date. In the infant room I observed bottles that were not labeled with the child's first and last name and the date.	Bottles will be lidded and labeled with the child's first and last name and the date. The beverage cups in for the older children will no longer be allowed.	03/03/2023
R 400.8525(4) Exits.	I observed two knob-type covers on two separate exit doors in the center. I notified Ms. Tracey that they were not allowed, and they were removed.	These were removed.	03/03/2023

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
