Dear Ms. Stratton:

This letter is to advise you that the 05/09/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Special Investigation Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
8380(3)	The premises was not maintained in a clean and safe condition when water damage was observed on the window sill in the toddler room.	The roof was redone, the worker stripped away old materials and replaced with new. They relaced the drip edge which was thought to be the issue. Once inspection was completed an A rated Environmental Health inspection was completed. Owners will annually inspect roof, patching any holes, gutter maintenance to ensure there is not future water damage in or out of the building.	4/22-4/25/2023

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730
