## **II. Purpose of Addendum**

Licensee Designee, Jodie Pinneo submitted a modification to increase the capacity and remeasure the rooms on the lower level, as the well defined spaces were rearranged. The rooms have also been assigned names. The name of the facility is also being changed to ABC Grow and Learn Children's Center Saline.

## **III. Methodology**

06/08/2023 Modification Request Received

06/08/2023 Inspection Completed On-site

## **IV. Description of Findings and Conclusions**

The terms of the license have been modified on July 7, 2020, July 29, 2022, and June 8, 2023. ABC Grow and Learn Children's Center Saline, is a two story building located in Saline, Michigan.

The terms of the license have been modified on July 7, 2020, and July 29, 2022. First Foundation Early Learning Center is a two story building located in Saline, MI. On July 29, 2022, the following rooms were remeasured.

The main level consists of the following two rooms:

- New Infant Room is 43ft. x 18 ft., providing a total of 774 square feet. This room accommodates 15 children ages 0-2 ½ years of age. The maximum group size for children birth to 30 months of age is 12 children.
- New Toddler room is 42ft. x 11ft., providing a total of 462 square feet. This room accommodates 9 children ages 12 months-2 ½ years of age and 13 children over 2 ½ years of age.

The lower level consists of the following rooms:

- Kitchen Room is 13ft.x 10ft., providing a total of 260 square feet. This room accommodates 5 children ages 2-3 years of age.
- Room 1 is 14ft.x 18ft., providing a total of 250 square feet. This room accommodates 5 children ages 2-3 years of age. This room is adjacent to the kitchen and will be utilized as one room.
- Room 2 and Snack Room is 20ft. x 28ft., providing 560 square feet. This room accommodates 16 children 3- 12 years of age.

The following room is additional child use space and not included in the total licensed capacity.

- Cubby Room is 10ft.x 11 ft., providing 110 square feet. This room was not included in the capacity.

**On June 8,2023, the following rooms were remeasured:**

**Lower Level:**

- Kitchen Room (now Little Learners) is 13ft.x10ft., providing a total of 260 feet. At 35 square feet per child this room accommodates 7 children ages 3-12 years of age.
- Little Learners (previously Room 1 and Cubby Room) is 26ft.x28ft. At 35 square feet per child this room accommodates 21 children ages 3-12 years of age. This room is adjacent to the kitchen and will be utilized as one room.
- Creative Canyon (previously Room 2 and Snack Room) is 28ft.x14ft. At 50 square feet per child this room accommodates 8 children ages 2-3 years of age.

**Main Level:**

- Infant Island (previously Toddler Room) located on the west side of the building is 42 ft.x11ft., providing a total of 462 square feet. This room accommodates 9 children ages birth-2 ½ years of age.
- Toddler Territory (previously Infant Room) located on the east side of the building is 43ft.x18ft., providing a total of 774 square feet. This room accommodates 15 children 12 months-2 ½ years of age. The maximum group size for children birth to 30 months of age is 12 children.

The licensee designee/program director understand that the total licensed capacity is 57 children 0-12 years. They also understand that per child care licensing rule 400.8182(7), when there are children of mixed age group in the same room or well-defined space then the ratio and group size is determined by the age of the youngest child.

The total space is sufficient for a total capacity of 57 children, 0-12 years of age.

There are a total of 4 toilets and 4 hand washing sinks available for child use. This supports the center's capacity.

The classrooms are furnished with a variety of developmentally appropriate equipment. There is an adequate amount of equipment to support the center's capacity.

On July 25, 2022, an environmental health inspection was completed as part of the modification process. A lead inspection was completed for the entire child care center on April 22, 2022. On March 11, 2022, a fire inspection was completed as part of a modification process.

Terms:

The center is approved for a total capacity of 57 children age 0-12 years.

The center provides field trip transportation. Swimming is not provided. The parents provide lunches, and the center provides snacks.

## V. Recommendation

I recommend the change of the rooms on the main level and newly measured well defined spaces on lower level. I also recommend the increased capacity to 57 children.

June 9, 2023
