Dear Ms. Delgado:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 09/20/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

The violations that were found are:

**R 400.8152 Medication; administrative procedures.**

(4) Prescription medication must have the pharmacy label indicating the physician's name, child's first and last name, instructions, name and strength of the medication, and must be given according to those instructions.

Two children had prescription medications at the center with no pharmacy label.

**R 400.8152 Medication; administrative procedures.**

(5) A child care staff member shall keep all medication out of the reach of children and shall return it to the child's parent or

destroy it when the parent determines it is no longer needed or it has expired.

An expired over-the-counter medication was kept on site for a child in care.
