Dear Ms. Snyder:

Attached is your renewal inspection report. You can find a copy of this renewal inspection report and any associated corrective action plans on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when renewal inspection reports are completed can be found under [Overview of Licensing Reports](#).

During the renewal inspection on June 17, 2021, I found one violation listed below and explained in the attached report:

R400.8152 (5) Medication; administrative procedures.

Due to the violations, you must send us a corrective action plan by July 7, 2021. You can use our [corrective action plan](#) form or create your own.

If you need help writing the corrective action plan, please contact me. If you do not send a corrective action plan, you may face disciplinary action. The corrective action plan must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific time frames for each violation as to when the correction will be completed or implemented.
- How continuing compliance will be maintained once compliance is achieved.
- The signature of the responsible party and a date.

Upon receipt of an acceptable corrective action plan, a regular license will be issued. You will receive it in the mail.

**III. DESCRIPTION OF FINDINGS & CONCLUSIONS**

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

**R 400.8152**

**Medication; administrative procedures.**

**(5) A child care staff member shall keep all medication out of the reach of children and shall return it to the child's parent or destroy it when the parent determines it is no longer needed or it has expired.**

An epi-pen for a child in room 1440 (bears) expired September 2020. A second epi-pen for a child in room 1480 (chicks) expired November 2020.

During the exit conference, I provided technical assistance and consultation regarding the following:

- Posting written emergency procedures in the gym.

#### **IV. RECOMMENDATION**

I recommend issuance of a regular license to this child care center.
